PERFECT LASER

Description

Inkjet batch coding machine is an un-contiguous batch coding machine controlled by single chip. By controlling inner gear pump or providing compressed gas from machine exterior, this kind of batch coding machine puts press on the inks in the system, emits inks by way of several dozen UM nozzle.

Electric ink drop deflects in deflecting electric field formed from deflecting electrode, emits from spray nozzle, strike different positions on the product surface, forms required kinds of characters, patterns and other marks. Due to its various applications, it also can be called inkjet batch coding machine,batch coding machine,inkjet coding printer,coding and marking,marking and coding printers,industrial marking system.

Product Features

- 1.Perfect Laser's inkjet coding printer selects the best fittings from all over the world. Power supplies are offered by the most famous manufacturer who supplied to the aviation in China, touch-screen are made by Hitachi, pumps are made in Germany, the electrical chips are supply by Phillips and the pipelines are imported from Switzerland.
- 2.Perfect humanity design, English-Chinese mutual, phonetic and region-position input, ability to download BMP from computer, one button touch stop/ start function, diagnose any fault automatics, phase and viscosity controlled automatically, nozzles auto wash.
- 3.The batch coding machine can do coding and marking work with the production line or conveyor belt to achieve the online flying printing.

Description

Machine Type	Inkjet Printer		
Model Number	PM-100	PM-200	PM-300
Print Lines	1-4 Lines	1-5 Lines	1-6 Lines
Advantage	Colorful LCD Touching Screen	Colorful LCD Touching Screen	Colorful LCD Touching Screen
Print Height	1-12mm (Adjustable)		
Print Distance	0-4cm		
Print Speed	4.5m/s(5×7pixel)		
Interface	In Chinese & English, With Editing Function		
Store Information	40 pcs of Jet Printing Information		
Jet Ink Available	Black, blue, Red and Other Color Ink		
Font Widened	1~9 Times		
Print Content	Numbers, Chinese Character, Letter, Logo, Serial Numbers, Random Numbers etc. With in 32×2560pixel.		
Fixed Length Print Function	Any Unit, Any Length.
